Profile

- ❖ **Self-taught full-stack software developer** that started programming in Dec. 2021
- ❖ **Quick learner** that is confident in being able to adapt to existing and new technologies
- ❖ Capable of **designing** and **implementing** responsive front-end web designs
- ❖ Looking forward to working on a **meaningful project** in a **team environment**

Skills

- ❖ **Technologies:** HTML, CSS, Javascript, Typescript, ReactJS, NodeJS, Express, MongoDB, Mongoose, TailwindCSS, Rest API, Git, and React Router
- ❖ **Languages:** English, Vietnamese (Limited Proficiency), and Korean (Limited Proficiency)

Projects

Arkoko ([Link](#))

Dec. 2022 – Jan. 2023

React, NodeJS, Express, MongoDB, Typescript, and TailwindCSS

- ❖ Developed a full-stack web application using the *MERN* stack for the game “*Lost Ark*”
- ❖ Built a backend API with *Node*, *Express*, and *MongoDB* with multiple endpoints for faster retrieval of in-game data and files
- ❖ Created multiple tools and calculators for users to simplify in-game decisions that would otherwise take them 20–60 seconds to calculate themselves

Snippits ([Link](#))

Jan. 2023

React, Typescript, TailwindCSS, and PrismJS

- ❖ Implemented a website with the goal of providing programmers a repository of code snippets
- ❖ Utilizes *PrismJS* for automatic syntax highlighting for all code snippets for easier consumption
- ❖ Integrated *React Router* for seamless transitions between links while browsing the website improving page load times by up to 5 seconds

AniFlux ([Link](#))

Feb. 2023

React, Typescript, and TailwindCSS

- ❖ Designed a website that showcases comprehensive information about anime through the “*JikanAPI*”
- ❖ Used dynamic routing with *React Router* to allow users to see detailed data on any single anime
- ❖ Integrated functionality to allow users to view all anime that are currently airing, are in the top 100 of all time, or the choice of any random anime

Education

York University

Sept. 2014 – Apr. 2018

Honors BA. in Psychology

Toronto, Ontario

- ❖ **Key Courses:** Critical Thinking, Social Psychology, Cultural Psychology, and Health Psychology
